Certificate IV in Leadership and Management

DEVELOP NEW SKILLS IN HANDS-ON LEADERSHIP AND OPERATIONAL MANAGEMENT
Is your next step a leadership role? The Certificate IV in Leadership and Management offers leadership and management subjects to build essential leadership, prioritising, planning and communication skills. Electives allow flexibility to study other areas of interest such as risk management, business writing and customer service delivery.

Our leadership course material is based on far more than just dry leadership theory. It reflects the 80 plus years of front line leadership experience of our staff who have included practical and relevant case studies and tips on essential leadership and management practices. The quality of course resources, supported by people with genuine experience in this key business field, will ensure that your skills and confidence with leadership principles are developed in this supported online leadership course.

Entry Requirements

Reading and Writing Skills
The course is an online correspondence course so you need to have average English reading and writing skills, or higher. As a guide - you should have completed Year 12 schooling, or have sound workplace written communication skills.

Spoken English Skills
The course has practical components where students will be required to demonstrate persuasive verbal communication and rapport building skills. Above average to strong spoken English skills are necessary to complete these components successfully.

Numeracy Skills
Numeracy skills are only required to a basic level eg calculations with calculators.

Computer and Internet
- Access to a Desktop Computer or Laptop
- Internet access with Internet Explorer 8+, Chrome or Firefox
- Microsoft Office 2010 Word and Subject specific Office products for chosen electives (ie Excel, Powerpoint, Publisher)

Other
- Ability to study and conduct assessments in a safe environment
Core Subjects:

Leadership Skills
This subject is specifically designed to lay a strong leadership foundation for learners. Focusing on key leadership elements such as communication, organisational behaviour, being a role model, problem solving, delivering feedback and effective decision making, this subject is perfect for anyone looking to build or enhance their leadership skills.

Unit(s):
- BSBBLDR401 - Communicate effectively as a workplace leader
- BSBMGT401 - Show leadership in the workplace

Team Effectiveness
Teams need sound leadership to prosper. This important subject breaks down the art of leading effective teams into the key elements of inspiring trust, effective communication, setting targets and building relationships. Special attention is given to teaching leaders how to successfully manage both individual and team conflict and improve team performance.

Unit(s):
- BSBBLDR402 - Lead effective workplace relationships
- BSBBLDR403 - Lead team effectiveness

Quality Planning
Long term success in business is a direct result of sound planning and having a quality focus. This subject teaches how to set realistic operational goals, effectively plan activities and prepare for contingencies. The concepts and methods of continuous improvement processes are also addressed throughout the subject to allow operational plans to be adapted and improved throughout their execution phase.

Unit(s):
- BSBMGT402 - Implement operational plan
- BSBMGT403 - Implement continuous improvement

Elective Subjects: 3 - 4 Electives are required (depending on subjects chosen)

Co-ordinate Customer Service Delivery
Providing good service to your internal and external customers is a critical responsibility for managers. Learn how to identify the key aspects of service delivery important to your customers, and the customer service system needed to achieve your service standards.
Prioritising to Achieve Team Goals
Achieving goals is at the heart of leadership success. You will learn how to set effective targets and priorities to maximise your productivity and results. This subject covers how to assess urgency and priorities, plan work schedules, monitor individual and team performance and set professional development goals.

Unit(s):
BSBWOR404 - Develop work priorities
BSBWOR403 - Manage stress in the workplace

Build Client Relationships
This subject has been structured to progressively develop the students skill and knowledge in the building, managing and maintaining of customer relationships to support business outcomes. This includes considering a range of client relationship strategies and also how to use networking effectively.

Unit(s):
BSBREL402 - Build client relationships and business networks
BSBCUS402 - Address customer needs

Keeping Your Work Team Safe
Supervisors and team leaders have strict legal obligations under safety legislation. Learn what these are, as well as the practical skills to identify, risk assess and resolve safety concerns. This subject also teaches how to better understand safety statistics and identify factors that can reduce injuries, and ensure the business is productive and profitable.

Unit(s):
BSBWHIS401 - Implement and monitor WHS policies, procedures and programs to meet legislative requirements

Risk Management Fundamentals
This subject covers risk context and identification, which includes risk management processes, risk identification, and documentation. It looks into the analysis of a risk, its cause and risk tolerance. It details strategies for controlling and treating risks as well as reviewing and monitoring of those risks.

Unit(s):
BSBRSK401 - Identify risk and apply risk management processes

Write Complex Business Documents
This subject addresses the skills and knowledge required to plan documents, draft text and produce documents of some complexity such as reports, detailed letters and proposals and general promotion documents.

Unit(s):

Service Guarantees

Quality Training Provider
ACCM was one of the first private training Colleges to be given official RTO registration status. 21 years later we have helped over 2 000 employers and 25 000 students achieve their career goals and have been recognised as a state finalist on the NSW Training Awards. We have a history of satisfied students and clients and repeat business. Our testimonials on our website are genuine and the type of feedback we receive daily. We are so confident that you will be pleased with the College service, that we guarantee it.

Speedy Paper-less Enrolment
Enrolment Applications are accepted 24/7 online. Be fully enrolled in your course in 7 minutes! For customised or employment based courses and traineeships contact us and we will send you a customised enrolment page by email.

Start Anytime - Immediate Enrolment
Within 30 minutes of being enrolled, your personal log-on details are emailed to you. This gives you access to course materials to commence your studies (via our on-line system WebClass).

Industry Expert Student Adviser
You will be allocated your own industry experienced Student Adviser. While they will personally manage your program; you will also benefit from the College team around them to provide expert assistance in all subject areas.

Prompt Results and Feedback
All assessments are promptly returned (via Webclass) with detailed feedback and encouragement. Our goal is to have them back to you in 2 weeks or less. In the meantime you can progress to your next subject.

Personal Contact for the Right Start
When you enrol your College Student Adviser will phone to welcome you to the course. Your Student Adviser will ensure that you understand the best way to progress in your course. They will also assist you with any questions you may have. They will be in regular touch with you at the start of your course to offer motivation, support and guidance. For employment based enrolments they will also make contact with supervisors during this time to address any questions they may have.

Pro-active Learner Support
The support won’t stop! Contact from your College Student Adviser will continue every month, based on the level of help you need. Of course, at any time you can call us to get help. Get immediate assistance over the phone and by email. If immediate assistance is unavailable for any reason, we will make sure a qualified Student Adviser is in contact with you no later than the next business day.

Quality Course Materials
Our step by step course materials have been written by industry experts specifically for the College. They will give you all of the relevant learner information you need to succeed in your course. The resources simplify industry jargon and concepts, give you industry insight and understanding, and focus on current real world business practices.

Employer Progress Updates
For employment based enrolments all supervisors will be emailed a monthly progress report showing the status of all learners. We understand that its essential to keep you up to date.
